

Pet Shop/Puppy Mill Life Cycle

What Are Puppy Mills?

Puppy Mills Are Commercial Breeding Facilities that mass-produce puppies for resale to the pet shop industry. They are generally filthy, overcrowded, and the dogs living in them don't receive proper veterinary care. The breeding dogs in mills spend their entire lives in wretched confinement, exposed to the elements. At the end of their reproductive years, they are usually killed, often by cruel means. **Half a million puppies are born in puppy mills every year.**

Almost All Pet Shop Puppies Come From Puppy Mills

Pet Shop Kittens Can Also Come from Mills
